

*People Services, Inc.*  
*Dedicated to Dignity ~ Committed to Choice*

**MISSION:**

The mission of People Services, Inc., is to serve as the local community agency, providing the delivery of quality services for People with Disabilities.

**PURPOSES:**

- To improve the quality of life for People with Disabilities by providing services that promote life exploration and informed choices.
- To offer an array of service options that are designed to meet the needs, wants, and desires of the persons served.
- To help our community understand that we are all valuable members of the community.

**VISION:**

It is the vision of People Services, Inc., that all supports will always begin with the person served, as an "individual". We will assist that same person, through choices, to become a more effective participant in the environment considered most real and meaningful by the person served and significant others in that person's life.

**VALUES:**

- We believe in respect and dignity.
- We believe in empowering people.
- We believe in community.
- We believe in choice and input.
- We believe in quality programs and services.
- We believe in continuous improvement.
- We believe in the power of diversity.
- We believe that it is our job to maintain fiscal stability and cost-effective services.
